

CALL FOR PARTICIPATION

Don't miss IREC DAY 2025, the most important event in renewable energy certificates in Mexico!

On February 21, 2025, at Club 51 in Torre Mayor, CDMX, the leading energy sector figures from Mexico and Latin America will gather.

Organized by **the only accredited issuer by the ITRACK Foundation in Mexico**, this event is aimed at a select group of sector professionals, associations, sustainability consultants, and specialized journalists.

Access is exclusive, unique, and non-transferable to ensure a personalized, high-level experience.

IREC DAY 2025 is a unique opportunity for different professionals in the energy sector:

- **Renewable energy professionals:** If you work in sectors like solar, wind, hydroelectric, geothermal, or biomass, this event will allow you to learn how the IREC certification optimizes the traceability and transparency of renewable energy sources.
- **Representatives of sector associations and chambers:** This is the ideal space to exchange experiences, promote the adoption of the IREC certification, and establish strategic alliances with industry leaders.
- **Specialized journalists:** You will gain access to exclusive content on the energy transition and the impact of the IREC certification on global and local energy policies.

What to do at IREC DAY 2025:

1. **Panels and conferences by industry leaders**
2. **Success stories from IREC certified companies and consumers**
3. **Networking opportunities**
